

I understand that you are considering expanding the LPFM service to take priority over current FM translator service. I'm not quite sure I understand why you are going to do this, but I can tell you that I listen to a FM translator station, KLOVE, which I truly enjoy regardless of what city I am in. KLOVE ministers to our local community by providing a positive listening alternative to the what is on our local stations. It is encouraging to listen to and always uplifting. Our community would not have access to this station if an LPFM station overrides the frequency. As a supporter of KLOVE (listener supported station), I would be quite upset if the dollars I send in so that I could receive this station are not properly utilized and I cannot receive the benefit of the station. The public at large is serviced by KLOVE and similar stations because it allows us to choose positive entertainment that speaks to our inner needs. KLOVE is a Christian music station that also airs encouragement from nationally recognized and appreciated speakers. Please do not force KLOVE and similar stations off the air. I don't want to lose access to a staple in my life.

Thank you for your consideration.
